Mr. Lem Stewart, CIO
Virginia Information Technologies Agency
Commonwealth of Virginia

Re: Certification Letter for Exempt Agencies

Dear Mr. Stewart:

Thank you for your patience with Old Dominion University as we evaluated our IT plans for the upcoming biennium.

I hereby certify that my agency does not presently have any proposed major IT investments for the upcoming 2008-2010 budget biennium and I hereby delegate my plan certification authority within the Commonwealth agency IT strategic planning system (ProSight) to the Project Management Division (PMD) of VITA.

I further understand that, should my agency IT investment status change, I will immediately contact my agency's designated VITA Customer Account Manager to initiate an appropriate agency IT strategic planning update.

Please let me know if you require further information.

Sincerely,

Rusty Waterfield
Assistant Vice President
Office of Computing and Communications Services
Old Dominion University
